Notes and 作业

Most of this lesson was spent on a mock HSK reading test.

I'll email you the test so you can review it without time pressure. Quite a lot of the homework I set last week contained some fairly tricky stuff so we will look at it next week. This week, please concentrate on going over the past paper.

A suggestion was made that maybe we can go to nearby pub after the last lesson (on 12月6日) so you might want to put that in your diary
