作业

- First of all, please check on Quizlet that you have the latest set of vocabulary cards. It's called **Mandarin vocab - for lesson 17**
- If you can't find it easily then you probably aren't 'enrolled' in the class or you've forgotten your sign in. If this is the case, let me know. Practise the set – particularly on 'Cards' mode so you can go confidently from hearing the English audio to producing the Chinese.
