# Useful sites/ apps to help you keep on top of HSK 1 level vocabulary

- Try [Memrise](#). Sign up to it via a pc or laptop and create a free account. Search for a set of HSK 1 vocabulary and make a start. Then, if you prefer to learn on-the-go, download the app onto your smartphone or tablet and sign in.
- Try [Duolingo](#)

Sign up (it's also free) and will start with a mini progress test to guide you to the right vocab.

Whichever you choose, stick at it and enjoy!

# 作业

- Look at the vocab on the following page. Read it all and practice reading it aloud with the right tones – but don't write on the page itself.
- Also, look at the HSK vocabulary quizlets that I've added to the site. They cover the same vocab (everything that should be needed for HSK1) in two different formats. Try and pick off a little more every week – using whichever format suits you best.
