Different ways to talk about two actions together.

Think about how we can do this in English:

1) Two actions that are done *simultaneously* 一边学习一边听音乐

- He was studying while listening to music
- While they were talking they were also drinking coffee

2) Two things together (a bit vague about when)

- I ate dinner and watched TV 我又吃完饭又看电视
- I play the piano and play the guitar

3) Time + an action in progress 'Time 的时候'

At 9.00	she was watching TV.	← (正) 在 <i>verb</i>
At Easter	I'm visiting my family	
When she came home	they were sleeping	

How might we express these slightly different things in Chinese?
