

## Lesson notes: 11 月 10 日

今天 we continued to look at the subject of 工作。

I think the content of the lesson is best put into a Quizlet so you can have lots of repetition.

So here it is (for those of you who haven't yet "joined the class").

作业

Practise reading the handout I gave you.

Try to write on the sheet with the pinyin crossed out. Use the version I gave you about 3 weeks ago. There's a copy still on the website – so no excuses ; -)

Practise reading it aloud – thinking about the tones. If you don't know the tone – go back and check. Because if you don't know the tone, you don't know the 'word'.

(Do I sound like a 老师?)

好好学习！
