- With only 4 students this lessons we focused on revision – including the latest ‘Geography’ quizlet. Revising countries we practised this question and answer pattern:

- 在加拿大人们说什么语言？
- 在中国人们说英文和发文
- Zài jiānádà rénmen shuō shénme yǔyán?
Zài zhōngguó rénmen shuō yīngwén hé fāwén

- The only new language this lesson was the use of 过 (guo4) placed after a verb to show that this is an experience that someone has had.
- 我喝茶 (I drink Chinese tea)
- 我喝过中国茶 (I have drunk Chinese tea)
- 你去中国吗? (Do you go to China?)
- 你去过中国吗? (Have you (ever) been to China?)

- Don't think of this as 'the past tense'. Chinese doesn't have tenses – and it isn't used to talk about past actions. So you *wouldn't* say:

~~• 昨天我去过中国~~

—

- Finally we went over the following vocab again (see next page) practicing sentence patterns such as:
- 你有没有自行车？
- 没有
- 你有狗吗？
- 我有三条狗

自行车

饭店

一本书

一支笔

一条狗

一个手机

一个飞机
